Allowable Subject Matter

Claims 1-9, 12-20 and 23-33 allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

With regards to independent claims 1, 12, 23, and 25, the prior art of record alone or in combination fail to teach or fairly suggest determining whether the buffer has available space to store the first packet and the at least one subsequent packet received before transferring the first and the at least one subsequent packet to the buffer, in combination with the other limitations found in the claims.

Because claims 2-9, 13-19, 24 and 26-33 depend directly or indirectly from claims 1, 12, 23 and 25, these claims are allowable for at least the same reasons as noted above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
